#### **SHOW SCHEDULE**

#### **BUSINESS APPOINTMENT CENTER HOURS OF OPERATION**

Saturday	October 1, 2022	2:00 p.m 6:00 p.m.
Sunday	October 2, 2022	7:30 a.m 6:00 p.m.
Monday	October 3, 2022	7:30 a.m 6:00 p.m.
Tuesday	October 4, 2022	7:30 a.m 1:30 p.m.

#### **BUSINESS APPOINTMENT CENTER MOVE-OUT**

Tuesday	October 4, 2022	1:30 p.m 11:59 p.m.
Wednesday	October 5, 2022	8:00 a.m 5:00 p.m.

#### **DISMANTLE AND MOVE-OUT INFORMATION**

- All exhibitor materials must be removed from the exhibit facility by Thursday, October 6, 2022 at 5:00 p.m.
- To ensure all exhibitor materials are removed from the exhibit facility by the Exhibitor Move-Out deadline, please have all carriers check-in by <a href="https://doi.org/10.2022/nc.10.2022/">Thursday, October 6, 2022 at 12:00 p.m.</a>. In the event your selected carrier fails to show on final move-out day, Freeman reserves the right to re-route your freight onto another carrier.

#### **EXHIBITOR SERVICE HOURS**

Our Exhibitor Support team will be available from 8 a.m. - 5 p.m. from the first day of Exhibitor Move-in to the last day of Exhibitor Move-out. Hours may be extended the day before show open and the day of show close to assist with additional exhibitor needs.

#### **POST SHOW PAPERWORK AND LABELS**

Exhibitor Support will gladly prepare your outbound Material Handling Agreement and labels in advance. Complete the Outbound Shipping form and your paperwork will be available at show site. Be sure your carrier knows the company name and booth number when making arrangements for shipping your exhibit at the close of the show.

#### **EXCESSIVE TRASH AND BOOTH ABANDONMENT**

Any excessive trash which consists of display materials, carpet, padding, crates and/or pallets will be disposed of and charged both a handling fee and disposal fee during exhibitor move-in. Excessive booth materials and/or literature left in the booth at the end of the published exhibitor move-out that is not labeled for an outbound shipment will be considered abandoned and deemed as trash. The exhibitor will be charged for the removal and disposal of these items. Charges may include Installation & Dismantle Labor, Forklift & Rigging Labor, and/or Dumpster Fee.

#### SHIPPING INFORMATION

#### **Perishable Materials:**

Perishable materials may not be shipped to the Freeman Advance Warehouse. Freeman does not provide temperature-controlled storage or service at the Advance Warehouse. Shipments requiring refrigerated or frozen storage must be sent directly to show site and have the appropriate labels on each piece. Any piece labeled as "Refrigerated" or "Frozen" or indicated on the bill of lading as such will be stored appropriately. Should the labels be unclear, Freeman will use their discretion to handle the product as best described on the bill of lading.

#### Warehouse Shipping Address:

Please note that the warehouse will be closed on Monday, September 5, 2022 in observance of Labor Day.

Exhibiting Company Name / Booth #
2022 NACS Show Business Appointment Centers
C/O Freeman
6675 W Sunset Rd
Las Vegas, NV 89118

Freeman will accept crated, boxed or skidded material beginning **Friday, September 2, 2022** at the above address. Material arriving after **Wednesday, September 21, 2022** will be received at the warehouse with an additional after deadline charge. Please note that the Freeman Warehouse does not accept uncrated freight (loose, pad-wrapped material and/or unskidded machinery), COD shipments, hazardous materials, freight requiring refrigerated or frozen storage, a single piece of freight weighing more than 5,000 pounds or a single piece of freight beyond the dimensions of 108" H x 93" W. Warehouse materials are accepted at the warehouse Monday through Friday between the hours of 7:00 a.m. - 2:30 p.m. Certified weight tickets must accompany all shipments. If required, provide your carrier with this phone number: (888) 508-5054.

#### **Show Site Shipping Address:**

Exhibiting Company Name / Booth #
2022 NACS Show Business Appointment Centers
Las Vegas Convention Center
C/O Freeman
3150 Paradise Rd
Las Vegas, NV 89109

Freeman will receive shipments at the exhibit facility beginning **Tuesday**, **September 27**, **2022**. Shipments arriving before this date may be refused by the facility. Any charges incurred for early freight accepted by the facility will be the responsibility of the exhibitor. Certified weight tickets must accompany all shipments. If required, provide your carrier with this phone number: (888) 508-5054.

This show will be marshalled. Please refer to the Marshalling Yard Map & Directions.

Please note: Any materials received by Freeman are subject to Material Handling Charges and are the responsibility of the Exhibitor. This also applies to items not ordered through the Official Show Vendors. Refer to the material handling form for charges for the service.

Please be aware that disposal of exhibit properties is not included as part of your material handling charges. Please contact Freeman for your quoted rates and rules applicable to disposal of your exhibit properties.

#### **PURCHASE TERMS**

Freeman's Terms & Conditions apply to all orders submitted to Freeman for any goods or services, and may be amended without notice. To review the current Terms & Conditions, <u>click here</u>.

#### **LABOR INFORMATION**

If utilizing Freeman labor, please refer to the Installation & Dismantle Labor Order Form to place your order for display labor. Exhibitors supervising Freeman labor will need to pick up and release their labor at the Labor Desk. Refer to the order form under Labor Services for Straight Time and Overtime hours.

#### **ASSISTANCE**

We want you to have a successful show. If we can be of assistance, please call Exhibitor Support at (888) 508-5054.

#### **WE APPRECIATE YOUR BUSINESS!**

#### FREEMAN GENERAL INFORMATION

#### **TRANSLATION SERVICE**

Freeman is pleased to offer a new service for our international exhibitors that provides quick interpretation and translation in 150 languages. This service will not only interpret for us on a three-way conversation, but also translate emails from customers. To access this service you may contact Exhibitor Support at (888) 508-5054 US & Canada or +1(512) 982-4186 Local & International.

#### **HELPFUL HINTS**

#### **SAVE MONEY**

Order early on <u>FreemanOnline</u> to take advantage of advance order discount rates, place your order by Tuesday, August 30, 2022.

#### **AVOID DELAY**

Ship early to avoid delays. Shipments arriving late at show site will cost you money, time and business!

#### **SAFETY TIPS**

Use a ladder, not a chair. Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.

Be aware of your surroundings. You are in an active work area with changing conditions during move-in and moveout. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for you booth. This can cause serious injury or damage to materials.

We discourage children from being in the exhibit hall during installation and dismantle. If children are present during installation and dismantle, they must be supervised by an adult at all times.

Freeman does not ship or handle Hazardous Materials. If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. In addition, if authorized by the facility and the association, you will need to make separate arrangements for the transport and handling of the approved materials, since Freeman will not transport or handle them.

The operation or use of all motorized lifts and motorized material handling equipment for installation/dismantle of exhibits is NOT permitted by exhibitors or by their exhibitor appointed contractors (EACs). Thank you for your cooperation

Call Exhibitor Support at (888) 508-5054 with any questions or needs you may have.

## Interested in going green and saving money?

Follow these tips to make sure your sustainable booth strategies are cost-neutral or even cost-saving! Leave an impact on the show floor, not the environment.

booth structure

Option 1 Multiple Use Use Forest Sustainable Certified (FSC) wood to build your booth and crates.

Get creative! Design your booth with a **small shipping footprint** to minimize carbon emissions. Freeman's eye-catching stretch-fabric booth designs pack up small (and light!) for shipping.

#### **Option 2** One-time Use

Rent locally from nearby Freeman offices to reduce both shipping costs and carbon emissions.

#### **Option 1 Rent**

Rent rather than buy carpet to save on shipping, cleaning, and storage. Freeman Classic carpet can be reused at least four times.

#### **Option 2 Color**

Use darker-colored carpet, which is easier to reuse and recycle. Freeman Classic dark-colored carpets are made of 20-50 percent recycled content.

3 shipping

Online + before deadline = better bottom line. Take advantage of early-bird pricing and consolidate shipping when ordering supplies.

Choose reusable shipping padding. Avoid packing peanuts and foam plastic materials that never decompose.

Ship early. Use the 30-day policy to ship materials to the Freeman advance warehouse.

4 graphics

#### **Option 1** Multiple Use

Print on a durable substrate without dates, event names, or locations.

#### **Option 2** One-time Use

Print on 100 percent recyclable materials like Freeman Honeycomb and Smartbuild Eco, which are just as cost-effective as PVC.

Reduce printing and **go digital** with your booth literature.

**Print locally.** Supporting local businesses while reducing shipping? It's a win-win.

Print on at least 50 percent post-consumer recycled paper.

Power down. Turn off equipment at the end of each day.

Light up your booth with CFLs, LEDs, or other energyefficient lighting.

#### **MOVE OUT**

## train your team

Educate your installation and dismantling teams about recycling and donation processes.

shipping out

#### Pack in, pack out.

Leave no traces on show site.

#### Join a caravan.

If you're shipping directly to another show, ask **Freeman Transportation about joining a caravan** to your next show.

## leftover materials

#### Remember to label.

Clearly label recyclable leftover material for disposal.

#### **Donate the rest.**

Ask the Freeman Exhibitors Services desk about local donation programs.

## TYPICALLY\* DONATE-ABLE

Furniture: Purchased items Home furnishing: Décor staging materials

**Unused raw materials:** Plywood, subflooring, non-laminate wood

**Flooring:** 100 square feet of flooring. Excludes carpet.

**Left over giveaways:** Pens, pads of paper, sunglasses, USBs, etc., left over in your promotional giveaway

## TYPICALLY\* RECYCLABLE

**Cardboard:** Used for signs or shipping boxes

Glass: Green, brown, clear

Plastics: Shrink-wrap or plastic banding used to secure shipments; water/soda bottles; plexiglass (acrylics) clear, smoked, or tinted; Visqueen used to protect flooring

Metal: Aluminum cans/ steel banding

Paper: Fliers, brochures, programs, tickets, office paper, newspaper, magazines, paperboard

Wood: Non-laminate wood

## EXHIBITOR AND OFFICIAL SERVICES CONTRACTOR INFORMATION

#### **EXHIBITOR AND OFFICIAL SERVICES CONTRACTOR INFORMATION**

Show Management has selected Freeman to be the Official Services Contractor for your upcoming show. As the Official Services Contractor, Freeman has the responsibility for material handling, electrical, all suspended rigging and booth cleaning services. We hope this document will assist you in planning for your upcoming event.

To help you understand the Official Services Contractor responsibilities, we ask that you read and observe the following to aid in a smooth and efficient move-in and move-out of the trade show.

Freeman requests that exhibitors do not tip its employees by giving money, merchandise or other special consideration for services rendered. Exhibitors should not give coffee breaks other than mid-morning and mid-afternoon when employees have a fifteen minute paid break. Any attempts to solicit a gratuity by an employee for any service should be reported immediately to a supervisor of Freeman. Freeman employees are paid an excellent wage and tipping is not an accepted company policy.

Freeman craftsmen at all levels are instructed to refrain from expressing any disputes or directly challenging the practices of any exhibitor. All questions arising with regard to the jurisdiction or practices must be directed to a FREEMAN management representative.

#### PER SHOW MANAGEMENT

<u>TASK</u>	EXHIBITORS MAY	FREEMAN RESPONSIBILITIES
Material Handling	As an exhibitor you may "hand carry" material. Hand carry is defined as small items such as cartons and packages that an exhibitor is able to carry.  Any mechanical assistance is limited to a small dolly.  The assistance of any motorized device or pallet jack is not permitted.  When exhibitors choose to "hand carry" they may not access designated material handling areas.  Must use specified exhibitor hand carry areas or main entrance of the facility.  In all other circumstances items should be considered material handling.  In no circumstance is any exhibitor authorized to use Freeman material handling equipment for any purpose.	Freeman has been contracted to be the exclusive provider for material handling contract services as ordered by the exhibitor.     Freeman has the responsibility to manage all freight docks and to schedule all vehicles into and out of all designated material handling areas for the show. This will assure the smooth, orderly and efficient move in and move out of the tradeshow.     Freeman has the sole responsibility for loading and unloading all trucks, trailers, common and contract carriers at its facilities or designated material handling areas.     Freeman is not responsible for any material it does not handle.     For the convenience of all exhibitors on the show, order forms for material handling services are included in this service manual and are available on Freeman's website at <a href="https://www.freemanco.com/store">www.freemanco.com/store</a> .
Electrical	The following work may be performed by the exhibitor's full-time company employees with positive identification such as a medical card or payroll stub but may not be performed by your Exhibitor Appointed Contractor (EAC).  • Plug in equipment into any 20A/120VAC receptacle.  • May hang up to four small clip-on lights per booth.  • May connect modems, printers, computers and keyboards, test and tune their own equipment, and run their own communications cable between machines in the same booth above the booth carpet.  • Mounting of monitors (to include plasma screens, LCD & CRT) and the installation of hanging brackets.	All electrical distribution. All under-carpet electrical distribution. Any additional electrical requirement needs or changes to preorders. Distribution and connection of all power in excess of 20A/120V. Distribution and connection of all 208V and 480V power. Distribution of all electrical equipment necessary to provide electrical service.
Non-Electrical Hanging Signs	Install and dismantle a non-electric sign attached to a booth by the exhibitor's full-time employee or approved EAC.	Assembly and disassembly of hanging signs.     Hanging of non-electrical signs and decorative materials from the ceiling.     Installing chain hoist and attaching signs (over 200 lbs).

#### **EXHIBITOR AND OFFICIAL SERVICES CONTRACTOR INFORMATION** (continued)

TASK	EXHIBITORS MAY	FREEMAN RESPONSIBILITIES
Rigging / Electrical Hanging Signs and Truss	Exhibitors MAY NOT install or assemble electrical hanging signs and truss.	Assembly and disassembly of electrical hanging signs, including rotating and header signs.     Lighting without dimmers.     Programmable theatrical lighting, production, related rigging and audio-visual.     Suspended trusses with or without legs that contain dimmable or programmable lighting, studio or motion picture lighting, sound system projectors and/or video wall.     Hoist ground-supported stand-alone truss whose sole purpose is overhead distribution of electrical.     Suspended truss with motorized hoist and non-dimmable and non-programmable lights.     Installing chain hoist.     Special effects equipment.     Laser lighting.     Video monitors and plasma screens including units fed by a live camera or are part of a multi-screen coordinated image.
Ground Supported Truss and Lighting	Ground-supported truss that is considered to be "booth structure" or mixed-use truss may be assembled by you, your full-time employee or by an approved EAC.     Truss which is not assembled by Freeman is subject to all electrical rules and jurisdictions in regard to any electrical work in the truss.	Installation and dismantle of self-climbing and/or mechanized truss systems.     Installation and dismantle of any programmable dimmable lighting fixtures that are attached to any ground-supported truss.     Meeting room ground supported truss for the purpose of audio, visual, theatrical lighting.
Booth Cleaning and Porter Service	Clean and wipe down products and display merchandise and other parts of the exhibit.  Exhibitor Appointed Contractors (EAC's) are not permitted to vacuum or utilize floor cleaning equipment on the show floor.	All booth vacuuming and porter service.
Booth Installation and Dismantle	As an Exhibitor you may choose to utilize your own personnel to set up and dismantle your exhibit.     If full-time company personnel are utilized to set an exhibit, they should carry positive company identification, such as a medical identification card or payroll stub.     You may hire Freeman to act as your Exhibitor Appointed Contractor (EAC) to perform this work.     You may hire an Exhibitor Appointed Contractor (EAC) to perform this work.     All EAC's must have the appropriate credentials submitted to Show Management and the facility.	When it comes to installation and dismantling of exhibits, no one does it better than Freeman. With more than 75 years of experience, our group of specialists are ready to assist you with all of your exhibit requests from beginning to end. Whether you choose to supervise or you need the assistance of a full-time Freeman employee, we can meet all your needs, from shipping and storage to emergency onsite repairs to basic installation and dismantling to support service coordination including electrical, furnishings and more. Freeman has the resources and the capabilities to help you have the most successful show experience possible.  To secure Freeman labor, please utilize the labor forms enclosed. Skilled Freeman Labor is available to act as your EAC.
Cameras, Audio and Video Systems	Install and operate their own manufactured or product systems when less than 20 amps or not suspended from the ceiling. Plug in small sound devices. Install exhibitor's own manufactured cameras by exhibitor's full time employees. Exhibitors may elect to staff certain positions: Technical Director Lighting Designer Video Engineer or Audio Engineer Slow Motion Machine Operator Advance Projectionist Audio Board Operator Video Board Operator Live Camera Operator Lighting Board Operator	Freeman will be responsible for the following staffing when an integrated system draws more than 20 amps or is suspended from the ceiling:  • Crane Operator  • Audio Technician  • TV Sound Boom Operator  • Character Generator  • Advanced Audio Visual Technician  • Tape Operator  • Audio Visual Technician  • Video Wall Technician  • Video Utility Person  • Assistant TV Audio Tech  • Projectionist  • High Rigger  • Ground Rigger  • Lighting Tech
Telephone	May plug and unplug their phones, modems, faxes or credit card readers.	Cox must distribute all concealed and under-carpet wiring.

#### LAS VEGAS FIRE REGULATIONS

Please find below general guidelines for fire safety. Please refer to the Clark County Department of Building & Fire Prevention website for Requirements and Permit Guidelines, Application Forms, Permit Fees, etc.

Clark County Department of Building & Fire Prevention:

https://www.clarkcountynv.gov/government/departments/building fire prevention/index.php

The following items are required to have a permit from the Clark County Department of Building & Fire Prevention:

Candles and Open Flames (including gelled alcohol, Sterno, etc.)

Flame Effects

Open Flame Devices (e.g. candles and gelled alcohol warmers)

Fireworks/Pyrotechnics

Compressed Gases

Cryogenic Fluids

Hot Works Operations (welding operations)

Liquid or Gas-Fueled Vehicles or equipment for display is assembly occupancies

Fire Systems for Covered Booths exceeding 1,000 square feet that will be erected for more than seven (7) show days or contain vehicles, open flame, or hot works.

Tents and/or Canopies

Temporary Membrane Structures

**Temporary Outdoor Structures** 

For information specific to the Las Vegas Convention Center, please contact the LVCVA Convention Services Department at (702) 892-2915.

For information specific to the Mandalay Bay Convention Center, please contact their Exhibitor Services Department at (855) 408-1349.

For information specific to the Sands Expo Center, please contact Sands Customer Service at (702) 733-5070.

PLEASE NOTE: Failure to notify show management and/or apply for permit no later than three weeks prior to the move-in of an event could result in higher permit fees or non-admission of the item/service to the exhibit floor.

- 1. In accordance with the Nevada Clean Indoor Air Act, smoking is prohibited in exhibit areas.
- All materials used in construction and decoration of an exhibit must be flame retardant. Fabrics must be certified as flame
  retardant or a sample must be available for testing. Materials which cannot be treated to meet the requirements may not be used.
  NFPA 701 is the accepted standard.
- 3. All exits and exit aisles must be kept clear and unobstructed. No furniture, signs, easels, chairs or displays may protrude into aisles unless shown on the Fire Marshal approved floor plan.
- 4. Designated "No Freight" aisles must be maintained clear of crates and exhibit materials during move-in and move-out. These aisles are required for emergency access throughout the hall and to expedite freight and empty crate moving.
- 5. All empty cartons or crates must be labeled and removed for storage or they will be removed as trash. Crates are not to be used as exhibit supports.
- 6. All fire hose racks, fire extinguishers, strobe lights and emergency exits must be visible and accessible (3' clearance for hoses and extinguishers) at all times. This includes fire protection equipment located within exhibits. Exits and exit signs must not be covered by drapes nor obscured from view by exhibit components.
- 7. Exhibitors who intend to display a vehicle within the confines of their exhibit booth must obtain a vehicle display permit from the Clark County Department of Building & Fire Prevention. At least one battery cable shall be removed from the battery used to start the engine. (Batteries for auxiliary equipment may be connected.) The fuel tank shall not have more than 1/4 capacity or five (5) gallons, whichever is less. Fuel tank(s) are sealed. Fueling or de-fueling is not permitted in the assembly occupancy. A 36" wide access aisle or clear space is maintained around all sides of the display and a minimum of 20 feet away from exit doors, exit stairs, the exit access or exit passageways. No leaks of fluids. No relocation of the display during exhibit hours.

**Exception:** Permits are not required at the Las Vegas Convention Center; however, vehicles that use compressed gas are prohibited. At least one battery cable shall be removed from the batteries used to start the vehicle engine. Batteries used to power auxiliary equipment shall be permitted with prior approval from the LVCVA Safety Office.

- 8. Combustible materials must not be stored beneath display vehicles. Space beneath vehicles must be clear and visible except for permitted electrical supplies.
- 9. Vehicles in building for unloading must not be left with engine idling. Exhaust gases present extreme hazards to workers on catwalks. If engine cannot be shut down, vehicle must be removed from the building as quickly as possible.
- 10. No storage of any kind is allowed behind booths or near electrical service. Materials for hand-outs must be limited to one day supply and stored neatly within the booth. Violators will be notified and if not removed by show opening, Official Service Contractor will remove and store at EXHIBITOR'S EXPENSE.

Revised July 15, 2021 Page 1 of 2

### LAS VEGAS FIRE REGULATIONS (continued)

- 11. All 110 volt extension cords shall be three-wire (grounded), #14 or larger AWG, copper wire. All connections must be supported and secure. Two wire, "Zip Cords" are not permitted other than factory installed appliance connectors; these may not exceed six (6) feet in length and must be UL approved.
- 12. Cube tap adapters are prohibited (Uniform Fire Code 85.107). Multi-plug connectors must be UL approved with built-in overload protection. Connectors must not be used to exceed their listed ampere rating.
- 13. Electrical work under carpets or flooring must be installed by the official electrical service provider. All cords must be flat, three conductor, #14 AWG or larger.
- 14. All temporary wiring must be accessible and free from debris and storage materials. Hard backed booths must have power supplies dropped within the booth.
- 15. Compressed gas cylinders, including LPG, must obtain a permit from the Clark County Department of Building & Fire Prevention. Flammable gases, i.e.: butane, propane, natural gas, et al; are subject to prior approval. Non-flammable compressed gas cylinders must be secured in an upright position with gauges and regulator protected against physical damage.

Exception: Please contact the Las Vegas Convention Center for their specific guidelines.

16. Certain halogen lamps have been banned at the Las Vegas Convention Center, Mandalay Bay Convention Center, Sands Expo Center, and Cashman Center.

Halogen lamps at the Las Vegas Convention Center, Sands Expo Center and Cashman Center are limited to 75 watts and must be of the sealed variety, which prevents direct handling of the bulb.

Halogen lighting policy at Mandalay Bay Convention Center covers restrictions on stem mounted halogen lighting provided by display contractors and exhibitors for the temporary lighting of exhibit booths. The use of any stem mounted halogen or other fixtures employing a non-shielded halogen bulb is not allowed. In addition, conventional track lighting systems that use any of the approved types of halogen bulbs and that are securely mounted to stable exhibit structures will continue to be allowed. Approved halogen bulbs include: MR 11/16 Covered - Low Wattage, MR 16 Covered - Line Voltage and PAR 14, 16, 20, 30 and 48.

17. Single-level covered exhibits require automatic fire sprinklers underneath covered areas greater than 1,000 square feet that will be in place for 7 or more show days (not including move-in and move-out days). Sprinklers are also required when there will be vehicles, open flame, or hot works underneath any covered areas. The permit that is required is only for the installation of fire sprinklers, not for structural review of exhibits.

**Exception:** Where the booth is used in an event with duration less than 7 calendar days and does not contain vehicles, open flame or hot works, automatic fire sprinklers are not required, provided the aggregate area of unsprinklered booths within the room does not exceed 30% of the room size.

**Exception:** Please contact the Las Vegas Convention Center, Sands Expo Center or Cashman Center for their specific guidelines.

18. Please note: These are Clark County Department of Building & Fire Prevention guidelines. Please contact the the event facility for specific guidelines.

Multi-level covered exhibits require automatic fire sprinklers underneath all covered areas on each level when the walking surface of the upper level(s) is over 1,000 square feet that will be in place for 7 or more show days (not including move-in and move-out days). Upper level areas of multi-level exhibit booths exceeding 300 square feet shall not have less than two remote means of egress. Sprinklers are also required when there will be vehicles, open flame, or hot works underneath any covered areas. The permit that is required is only for the installation of fire sprinklers, not for structural review of exhibits. Any exhibit with an upper deck area to be occupied must be evaluated and stamped by a licensed engineer. The upper level of multi-level exhibit booths exceeding 300 square feet shall have not less than two remote means of egress. Stamped plans should be present within the exhibit for potential verification by the Fire Marshal upon request.

**Exception:** Where the booth is used in an event with duration less than 7 calendar days and does not contain vehicles, open flame or hot works, automatic fire sprinklers are not required, provided the aggregate area of unsprinklered booths within the room does not exceed 30% of the room size.

19. Tents in excess of 400 square feet, canopies in excess of 700 square feet, and temporary membrane structures must be approved by the Clark County Department of Building & Fire Prevention.

**Exception:** Please contact the Las Vegas Convention Center for their Tents/Canopies guidelines.

20. Demonstration cooking and food warming in exhibition spaces shall comply with the Clark County Fire Code and facility regulations.

**Exception:** Please contact the Las Vegas Convention Center for their specific guidelines.

21. The use of candles and other open flame decorative devices must be approved by the Clark County Department of Building & Fire Prevention.

Exception: Please contact the Las Vegas Convention Center for their specific guidelines.

#### **PAYMENT INFORMATION**

Freeman only accepts payment information electronically. Place your order on <u>FreemanOnline</u> or follow the steps below to provide your payment information electronically and submit your order forms.

Freeman will no longer accept cash payments for any Freeman services.

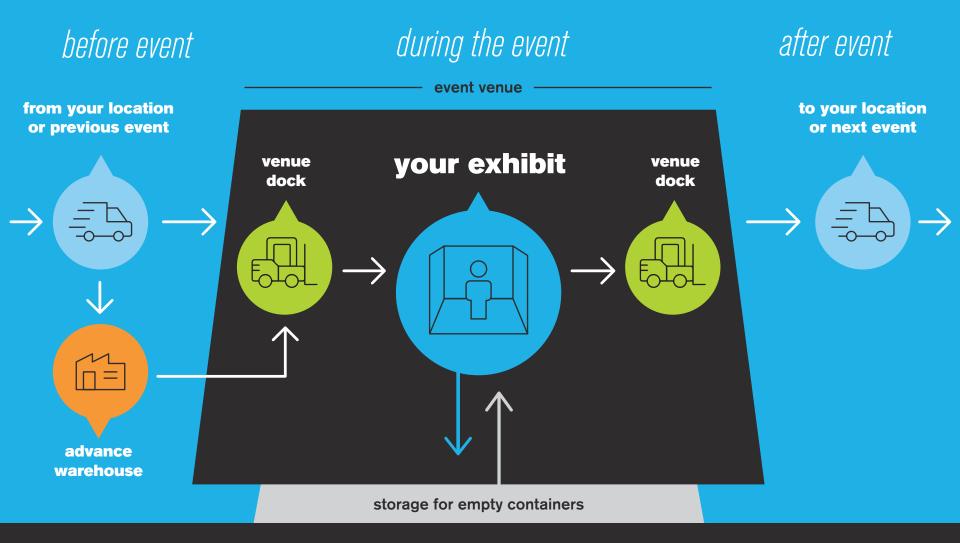

#### 1. Submit your payment information

Proceed to our electronic Freeman Pay site to securely submit your payment information https://www.freemanpay.com/509568

#### 2. Submit your order

Upload your order forms through the same link used to submit your payment information

- Both your order and your payment must be received by the discount price deadline date to guarantee discount pricing.
- Orders received without payment or after the discount price deadline date will be charged at the standard price.
- Copies of invoices may be picked up from the Freeman Service Center prior to show closing.

## WHAT ARE FREIGHT SERVICES?

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

#### HOW DO I SHIP TO THE WAREHOUSE?

- We will accept freight beginning 30 days prior to show move-in.
- To check on your freight arrival, call Exhibitor Services at the location listed on the Quick Facts.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Quick Facts.
   Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays. Refer to the Quick Facts for warehouse hours. No appointment is necessary.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets/pads. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor set up.

#### HOW DO I SHIP TO SHOW SITE?

- Freight will be accepted only during exhibitor move-in.
   Please refer to the Quick Facts for the specific exhibitor move-in dates and times.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.

## WHAT ABOUT PREPAID OR COLLECT SHIPPING CHARGES?

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading "prepaid."
- "Prepaid" designates that the transportation charges will be paid by the exhibitor or a third party.

#### HOW SHOULD I LABEL MY FREIGHT?

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the warehouse or show site is located on the Quick Facts.

## HOW DO I ESTIMATE MY MATERIAL HANDLING CHARGES?

- Charges will be based on the weight of your shipment. Each shipment received is billed individually and is subject to the applicable show weight minimum. The shipment weight will be rounded to the next 100 pounds. Each 100 pounds is considered one "cwt." (one hundred weight). All shipments are subject to reweigh.
- On the Material Handling Order Form, select whether the freight will arrive at the warehouse or be sent directly to show site.
- Next, select the rate for the freight category that best describes your shipment. There are four categories of freight:

**Crated:** material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

**Special Handling:** material delivered by the carrier in such a manner that it requires additional handling, such as ground unloading, stacked and constricted space unloading, designated piece unloading, loads mixed with pad-wrapped material, loads failing to maintain shipping integrity, and shipments that require additional time, equipment or labor to unload. Federal Express and UPS are included in this category due to their delivery procedures.

#### FREEMAN

#### FREIGHT SERVICES

**Uncrated:** material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting points.

**Carpet and/or Pad Only:** shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

- All inbound and outbound shipments are subject to overtime charges if the shipments are received, loaded or unloaded during the overtime hours specified on the Material Handling Order Form. This includes both warehouse and show site shipments.
- Add any late delivery or off-target charges listed on the Material Handling Order Form if the freight will be received after the deadlines listed on the Quick Facts.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.

## WHAT HAPPENS TO MY EMPTY CONTAINERS DURING THE SHOW?

- Pick up "Empty Labels" at the Freeman Service Center. Once the container is completely empty, place a label on each container individually. Labeled empty containers will be picked up periodically and stored in non-accessible storage during the event.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

## HOW DO I PROTECT MY MATERIALS AFTER THEY ARE DELIVERED TO THE SHOW OR BEFORE THEY ARE PICKED UP AFTER THE SHOW?

Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

## HOW DO I SHIP MY MATERIALS AFTER THE CLOSE OF THE SHOW?

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Freeman Service Center at show site for your shipping documents.
- Once we receive your outbound shipping information we will create your Material Handling Agreement and shipping labels. If the shipping information is provided in advance, the Material Handling Agreement will be delivered to your booth with your invoice. Otherwise the Material Handing Agreement and labels will be available for pick up at the Freeman Service Center.

- After materials are packed, labeled, and ready to be shipped, the completed Material Handling Agreement must be turned in at the Freeman Service Center.
- Call your designated carrier with pick-up information. Please refer to the Quick Facts for specific dates, times and address for pick up. In the event your selected carrier fails to show by the final move-out day, your shipment will either be rerouted on Freeman's carrier choice or delivered back to the warehouse at the exhibitor's expense.
- For your convenience, approved show carriers will be on site to book outbound transportation if you have not made arrangements in advance.

#### WHERE DO I GET A FORKLIFT?

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Rigging Order Form for available equipment.
- Advance and show site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Freeman Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

#### DO I NEED INSURANCE?

- Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage.
   This can be done by riders to your existing policies.
- All materials handled by Freeman are subject to the Terms and Conditions, which can be found in the exhibit service manual or online at www.freeman.com.

#### OTHER AVAILABLE FREIGHT SERVICES

(may not be available in all locations)

- Cranes
- Accessible storage at show site
- Exhibit transportation services (see enclosed brochure)
- Security storage at show site
- Short-term and long-term warehouse storage
- Local pick-up and delivery
- Priority empty return

#### SPECIAL HANDLING DEFINITIONS

#### For frequently asked questions and material handling estimator tools, go to www.freeman.com/store.

Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, carpet/pad only shipments or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments, and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver.

#### What is Ground Loading/Unloading?

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.

#### What is Constricted Space Loading/Unloading?

Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

#### What is Designated Piece Loading/Unloading?

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

#### What are Stacked Shipments?

Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.

#### What is Shipment Integrity?

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

#### What is Alternate Delivery Location?

Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building, or to other buildings in the same facility.

#### What are Mixed Shipments?

Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Freeman defines special handling for mixed loads as having less than 50% of the volume as uncrated.

#### What does it mean if I have "No Documentation"?

Shipments arrive from a small package carrier (including, among others, Federal Express, UPS, & DHL) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

#### What is the difference between Crated and Uncrated Shipments?

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting points.

#### What about carpet only shipments?

Shipments that consist of loose carpet and/or carpet padding only require additional labor and equipment to unload.

#### 2022 NACS Show

Business Appointment Centers October 1-4, 2022 Las Vegas Convention Center Las Vegas, Nevada

#### **MACHINERY HANDLING**

Freeman is the exclusive provider of machinery handling services. Rates include unloading your machinery at show site, delivery to the designated booth, and removal from the booth for reloading onto outbound carriers. Handling charges will automatically be applied to your account upon receipt of each shipment. It is not necessary to return this form to receive machinery handling services.

#### **RATES**

Machinery Handling - 1 - 5,000 lbs\$	182.75 per CWT
Machinery Handling - 5,001 - 30,000 lbs\$	173.75 per CWT
Machinery Handling - 30,001 - 60,000 lbs\$	165.25 per CWT
Machinery Handling - 60,001 lbs and Above\$	156.75 per CWT

#### ADDITIONAL SURCHARGES

Overtime charges will be applied to all freight received at the warehouse and/or show site that must be moved into or out of booth during times listed below. These rates are in addition to above rates. Overtime charges will appy Monday through Friday from 5:00 p.m. to 8:00 p.m. and all day on Saturday, Sunday and Holidays.

Overtime - 1 - 5,000 lbs (inbound/outbound - each way)\$	45.75 per CWT
Overtime - 5,001 - 30,000 lbs (inbound/outbound - each way)\$	43.50 per CWT
Overtime - 30,001 - 60,000 lbs (inbound/outbound - each way)\$	41.50 per CWT
Overtime - 60,001 lbs and Above (inbound/outbound - each way)\$	39.25 per CWT

#### IMPORTANT SHIPPING INFORMATION

#### **General Information**

- Rates above apply to machinery with proper lifting bars, points, hooks, or machinery that is skidded or crated which may be
  moved on or off the loading dock, vehicle or show floor by a forklift with NO special handling required. Forklift lifting points
  must be clearly marked. This does not apply to display materials.
- If it is necessary to unskid the machine before removing it from the container, labor and equipment charges will be added to the stated rates. Please refer to the "Forklift & Rigging Labor Order Form".
- Certified weight tickets are required. Separate weight for display materials and machinery equipment are required. If the
  weight is not separated and/or materials are not identified properly, the Material Handling rate will prevail.
- · Freeman retains the right to determine whether or not the materials qualify for the machine rate.
- · Machinery will be spotted with a 6" tolerance one time after removal from the truck, provided the following conditions are met:
  - 1. The exhibitor, or his representative, must be present to supervise the spotting.
  - 2. The area within the booth is clearly marked to indicate the machine's position.
  - 3. No rigging, bolting or unbolting, un-skidding or attaching to other equipment must be performed.
  - 4. Shipment is received at the designated time on your target date (refer to the Target Floor Plan).

#### **Show Site**

- Please note that machinery shipments will not be accepted at the warehouse. All machinery shipments should be sent directly to show site.
- · Show site receiving begins on Tuesday, September 27, 2022.
- · Show site address:

Exhibiting Company Name / Booth #

Las Vegas, NV 89109

#### 2022 NACS Show

Business Appointment Centers October 1-4, 2022 Las Vegas Convention Center Las Vegas, Nevada

#### **MOBILE UNIT & VEHICLE SPOTTING**

Exhibitors or agents with mobile units or vehicles will require guidance to their respective booths. This guidance is required and provided by Freeman to prevent damage that may occur to exhibitors, the property of others, or when necessary to move crates that may be in the aisles.

Mobile units are defined as a piece of equipment than can be pushed or towed to the booth on wheels.

Vehicles are defined as an automobile, trailer, tractor, crane, etc. arriving at the exhibit hall that can be driven to the booth location under its own power. Exhibitors may drive their vehicles into and out of the exhibit areas or have Freeman supply an operator when available.

Each vehicle shall comply with the following:

- 1. Batteries should be disconnected in an approved manner.
- 2. Vehicles shall not be fueled or refueled within the building. Fuel in the tank shall not exceed 1/4 of the tank capacity or 5 gallons, whichever is less.
- 3. Fuel tank openings shall be locked and sealed to prevent escape of vapors.
- 4. No leaks underneath vehicles.
- 5. At least 36" clear access or aisles must be maintained around the vehicle.
- 6. Vehicles must be a minimum of 20 feet from exit of door or exit pathway.

#### **SPOTTING FEES**

Mobile Units *	\$301.25 per unit (round trip)
Vehicles	\$301.25 per unit (round trip)

<sup>\*</sup> **Note:** If a forklift is utilized to tow a mobile unit or vehicle to the booth, a one hour forklift/operator charge will be assessed in addition to the spotting fee. If rigging labor is utilized to push the equipment to the booth, a one hour rigging labor charge will be assessed in addition to the spotting fee. Please refer to the Forklift & Rigging Labor Order Form for rates.

#### 2022 NACS Show **Business Appointment Centers** October 1-4, 2022

**Las Vegas Convention Center Las** Vegas, Nevada

#### **POV & CART SERVICE**

Freeman will provide Cart Service for your event. Cart Service is a feature for Privately Owned Vehicles (POVs) that meet the requirements below.

#### **DEFINITION OF PRIVATELY OWNED VEHICLE:**

Privately Owned Vehicles are defined as cars, pick-up trucks, vans and other trucks primarily designed for passenger use, not cargo or freight. Vehicles that do not qualify for this service, or that have material that requires mechanical assistance to unload, will be directed to the Freeman Marshalling Yard.

Workers equipped with a flat cart scooter will assist exhibitors with unloading. Each cart will handle a load approximately 3' wide x 4' long x 3' high. Freight must not exceed 300 lbs. For safety reasons, it will be the judgment of the freight supervisor if the load can go higher than 3 feet. Cart Service includes storage of empty cardboard/product boxes at no additional charge. Empty stickers for your cartons and cases will be provided for this service.

This service is available at a round trip rate of \$208.50 per trip (from the dock to the booth and the booth to the dock).

#### **DIRECTIONS:**

- To receive this service, proceed directly to the facility and check in at the designated POV Check-In area for staging, checking in, processing paperwork and determining if vehicles are qualified for Cart Service. There will be signage posted to direct you.
- · Two people must be with the vehicle one to accompany the product to the booth and one to remove the vehicle from the area.
- The determination of Cart Service versus Material Handling will be made at the discretion of Freeman management. Any disputes will be handled at the time of unloading.

#### **AVAILABILITY:**

Cart Service will be available on the following dates and times:

Move-Out Move-In Friday September 27 8:00 a.m. - 5:00 p.m. Tuesday October 4 2:00 p.m. - 10:00 p.m. \* Saturday September 28 8:00 a.m. - 5:00 p.m.

Please note: We anticipate that during peak periods, wait time can exceed 2-3 hours.

#### **VEHICLES THAT QUALIFY:**

#### **VEHICLES THAT DO NOT QUALIFY:**

<sup>\*</sup> Please visit the Freeman Service Center to complete and/or submit an Outbound Material Handling Agreement.

Place your order online at <a href="https://www.freeman.com/store">www.freeman.com/store</a>

Submit order forms here.

For fast, easy ordering, go to www.freeman.com/store.

#### REFRIGERATED / FROZEN / DRY STORAGE

#### **GENERAL INFORMATION**

- All cold and dry storage shipments will be subject to normal material handling charges. Please see material handling order form for pricing.
- Storage rate will be billed at a flat rate based on total cubic feet of material received requiring cold storage. (Storage rate is for entire show - not a daily rate)
- You must have an authorized company representative present at the time of delivery to your booth to inventory and sign for the items.
- Food that must be prepared by the Exhibit Hall Caterer should be addressed directly to the catering firm.
- Refrigerated/Frozen/Dry products are NOT accepted at the warehouse.

#### ADVANCE STORAGE RESERVATION

Make your reservation early by completing this form and submitting payment prior to the first day of exhibitor move-in.

Cold and dry storage ordered at show site will be charged an additional 30% and subject to space availability.

STORAGE We will require	cubic feet of refrigerated storage (36°
We will require	_ cubic feet of freezer storage (0°)
We will require	_ cubic feet of dry storage
Type of product(s) I	will be storing is:
	in types of containers and e on skids. (Please circle one)
The number of conta	ainers to be stored will be
I will require deliverie	es times per day.
LIABILITY	

Materials in cold storage must be removed during exhibitor move-out period. Materials not removed by **Thursday, October 6 at 5:00 p.m.** will be considered abandoned.

While every attempt will be made to provide security for material place in dry storage, and to ensure adequate and proper operation of equipment, Freeman assumes no liability of material stored for circumstances beyond our control.

#### STORAGE RATES/per cubic foot

(Storage rates are for entire show - not a daily rate)

	Discount	Show Site
30 cubic feet or less	17.50	22.75
31 to 60 cubic feet	16.75	21.80
61 to 120 cubic feet	16.00	20.80
121 to 180 cubic feet	15.25	19.85
181 to 240 cubic feet	14.50	18.85
Over 240 cubic feet	13.75	17.90

**Example:** 85 cubic ft shipped to show

85 x 17.50 = \$1,487.50 (total storage fee)

#### **DELIVERY AND PICK-UP RATES**

In addition to the above rates, the following rates will apply for delivery of material to and from storage.

Straight Time	
Over Time	\$195.75 (per trip)

Please set up your schedule for exact deliveries at the Freeman Service Center during installation.

**Straight Time:** 8:00 AM to 4:30 PM Monday through Friday **Overtime:** 4:30 PM to 8:00 AM Monday through Friday **DoubleTime:** ALL DAY on Saturday and Sunday

**Furnishings Brochure** 

# **Comfortable**and Safe Networking

### Meaningful engagement doesn't have to be complicated.

Networking and connecting with peers face-to-face is a key objective of attending in-person events. Delivering environments which facilitate both ad-hoc and in-depth networking is important in accommodating attendee needs and will allow attendees to connect with peers effectively, comfortably and safely.

To help you feel confident as you begin to plan your in-person and hybrid events, we have developed Freeman SafeConnect. This program includes standards, protocols, and service offerings that reflect our values and commitment to safety and wellbeing — for our people, our customers, and our attendees.

Learn more about Freeman SafeConnect at Freeman.com

### **Bowery Swivel Chairs & Sedona C-Tables**

Accent Chairs | pg 16 Side Tables | pg 28 Dividers | pg 57 Greenery | pg 48

### **Top Design Tips**

for Tradeshow Booths.

10.

### Provide a Pop! Colorful furnishings attract attention

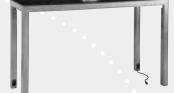

Swivel chairs in small spaces maximize functionality and allow you to engage with those all around!

### Charge it!

Powered tables and seating encourages clients to linger in the booth and recharge.

#### **Get Connected.**

Communal tables help facilitate networking opportunities and build connections.

**Gather Round!** Ottomans styled around a side table create an informal campfire setting

### **Creature Comforts.**

Design a comfortable "living room" space with soft lounge seating to relax clients and encourage conversation.

#### Keep it Green.

Don't forget the greenery to warm up your booth environment by bringing nature indoors.

### Level the field!

6.

Low and casual seating makes clients more comfortable and open to learning.

#### Demo Down.

Square or circular ottomans are a great way to design small theaters for quick demonstrations.

### **Complete The Look Of Your Exhibit Space**

Freeman makes it easy to furnish your next exhibit space with recommended booth packages available on FreemanOnline. To view all available booth packages for your event and order your favorite, visit freeman.com/store.

#### The Showcase 10'x10' booth package

to display. Multiple cabinets elevate your products and make it easy to catch the eye of attendees.

**Shown here with Zoey Barstools** 

to display presentations, while hosting attendees in a comfortable and inviting environment.

### **Accent Tables**

### **Tables and Meeting Rooms**

When you want to facilitate more in-depth conversations and provide work surfaces, be sure to use appropriately-sized tables. As always, create generous aisleways between meetings spaces; this will help individuals feel comfortable networking.

# Strategic planning with health & safety in mind

Health & Safety are the top priorities as we consider new designs and ways to connect. When those are clearly emphasized on the show floor, attendees will feel more confident re-engaging.

Together, let's imagine what this new experience will look like - based on both what is possible and realistic. Some recommendations may be new to you. Some, not. To get you started, our top five recommendations include

In all cases, we've put considerable thought into them.

<u>Click</u> to learn more detailed, interactive, printable checklist.

### Freeman® top five health & safety Recommendations include:

- 1. Strategize your audience approach
- 2. Re-imagine your booth design.
- **3.** Evaluate a hybrid booth approach
- 4. Create safe networking opportunities during the show
- 5. Stay connected to your audience post-show

H) Exit Here Sign 20303015 22"W X 28"H 20303016 8.5"W X 11"H

I) Stand Here Floor Decal 20303017 12"W X 12"H

J) Directional Arrow Floor Decal 20303018 18"W X 24"H

### Sanitization Product & Services

### **Hand Sanitizing Stations**

Using hand sanitizer reduces microbial counts and kills many harmful germs that could compromise the health of attendees with the COVID-19 and other viruses. Hand sanitizing stations provide convenient access to hand sanitizer after interactions where they happen.

#### 1510103 Clear Barrier

(plexi, clear) 31.5"W x 36"H

Also available in opaque and personalization available.

1510100 Clear Barrier with graphic

Personalize here

### Please Note:

Safety dividers also available in opaque finish. Graphics and branding options also available. View those options **here** and learn more about our SafeConnect Promise on **Freeman.com**

## SEEING IS BELIEVING

Quality graphics contribute significantly to the impact of your exhibit. With state-of-the-art design and printing capabilities, Freeman brings your banners, signage, and exhibit graphics to life in a larger-than-life way. Our graphics products redefine "high definition," which means your brand has never been seen like this before.

- Photo-quality / high-resolution printing on a variety of rigid and rolled material including honeycomb, foam, Polyfoam, PVC, acrylic, fabric, vinyl and mesh materials
- Grand Format printers provide highresolution digital printing of single and double-sided banners in virtually any size
- Electronic file transfer, in-house printing, and company-wide procedure standardization allow us to control quality, cost and scheduling on a nationwide basis
- Extensive resources ensure that last minute repairs and replacements are handled efficiently as needed, no matter where your event may be located

#### **EVENT GRAPHICS**

#### CREATING VISUAL EXCITEMENT

Quality graphics contribute significantly to the impact of your exhibit. Vivid colors and sharp images attract attention, build traffic, and communicate messages more effectively. Freeman has invested in the latest printing technology and has the skills to provide you with the finest high-resolution digital graphic reproduction available.

#### STATE-OF-THE-ART CAPABILITIES

Freeman can provide four-color, photo-quality, high-resolution digital printing in virtually any size for banners, signage, exhibit graphics, and more. Each Freeman location has stand-alone printing capabilities, along with two additional graphic locations for additional support and for special requirements.

### SUPERIOR QUALITY CONTROL

Electronic file transfer, in-house printing, and company-wide standardization of procedures allow us to control quality, cost and scheduling for our customers on a nationwide basis. Last minute repairs and replacements are handled efficiently through our nationwide resources.

#### **DEPTH OF RESOURCES**

- 5M UV roll printers provide grand format, four-color, high-resolution digital printing of single and double-sided banners up to 16' wide and virtually any size with seams.
- 3M Dye Sublimation printers provide 10' fabric graphics that work perfectly in our SmartWall panel system.
- UV flatbeds print directly to a variety of ridged materials and offer a 100% recyclable graphic when using a cardboard substrate.
- Freeman offers 100% recyclable substrates that can save you money and the environment.
- Large format Eco-Solvent printers produce high quality graphics for wall, carpet and window applications.
- 3M high speed digital cutters allow for precise cutting of multiple panel applications and also custom router graphic panels.
- Computer-aided graphic design & layout available for your assistance.

#### REPRODUCTION AND INSTALLATION

- Suspended banners
- Logo reproduction

- Accent graphic photo panels
- Backlit displays and murals
- Large format signage and banners
- Four-color carpet image printing

#### **CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK**

Our goal is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer or art department. Artwork must be submitted in the proper resolution and/or file size to produce quality images. Please provide proper color matching information and proofs to ensure accurate color reproduction.

#### PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

RASTER ART (photos, logos containing any continuous tone images):

- Art submitted at 1:1 (100%), resolution should be no less than 60 dpi (100 dpi preferred)
- Art submitted at 2:1 (50%), resolution should be no less than 120 dpi (200 dpi preferred)
- Art submitted at 4:1 (25%), resolution should be no less than 240 dpi (400 dpi preferred)

#### **VECTOR ART:**

•Logos should be vector and have outlined fonts(if provided as bitmap, please use high-res images)

#### FONTS and LINKS

- Supply all fonts used in your design (zip Mac fonts). If unsure how to collect fonts, convert them to outlines
- Supply all links used in your document. Use packaging feature if available. If unsure how to collect links, embed them in the file when saving.

#### COLOR

- If PMS color matching is required, please use original Pantone + Solid Coated swatches in your artwork. Modifying Pantone names will result in printing default color (CMYK)
- CMYK artwork will be produced "As Is". Our color output is balanced and vibrant.
- · Convert RGB art to CMYK if possible.
- If you are sending Certified Color Proofs (Gracol, Swop, Fogra), please provide ICC file information used to print your samples. Best option would be to include ICC chart on your prints.

#### ARTWORK IN THE STRUCTURE

• Please note that any panels going in the metal frame will hide 1/4" of your art all the way around. If you have a continuous wall where individual panels are divided by metal, use 1.25" spacing in between each panel to account for gaps and the natural flow of the graphics.

#### **ACCEPTABLE FILE SOFTWARE**

We are capable of working with both PC and MAC based software, and can accept art created with the ADOBE Creative Suite - Illustrator, InDesign, and Photoshop

Always provide the following:

- Native files with fonts and links (zipped)
- High-res PDF-X/4 exports of the files

#### ACCEPTABLE FILE TYPES and SUPPORT FILES

#### NATIVE FILES:

- Al CLOUD (CC) file with Packaged supporting links and fonts. You may keep images linked but Packaging feature must be used.
- AI (CS6, CS5, CS4...) file with embedded links and outlined fonts
- EPS file with embedded links and outlined fonts
- INDD file with Packaged supporting links and fonts

#### PRINT FILES:

- High-res PDF-X/4 (preferred)
- Al with PDF content (choose this option when saving file)
- EPS files with embedded links and outlined fonts

#### RASTER OR BITMAP ART:

- •Photoshop EPS (preferred, use 8-bit preview, Max, Quality JPG compression)
- PSD (make sure font layers are rasterized)
- TIFF, JPG (quality 8 and higher)

Mac users: Use Zip or Stuffit programs when submitting fonts other than OTF (Open Type Fonts)

#### WAYS TO SEND ARTWORK

• When placing on order online, your order confirmation will include a link to our secure file sharing library so you may upload your graphic files. If your order is faxed in, or if you are working directly with a Freeman team member, a link will be emailed to you when your order is processed.

## LET US DO THE HEAVY LIFTING

Freeman specialists are ready to assist you with all of your exhibit requests, from beginning to end. And when it comes to installing and dismantling exhibits, we make no exceptions. Whether it's shipping and storage, emergency on-site repairs, basic installation and dismantling or support service coordination, including electrical, furnishings and more, Freeman has the resources and capabilities to ensure the most successful show experience possible.

#### FREEMAN

#### INSTALLATION + DISMANTLE

Freeman installation & dismantling experts work closely with you to coordinate every phase of your trade show participation, including:

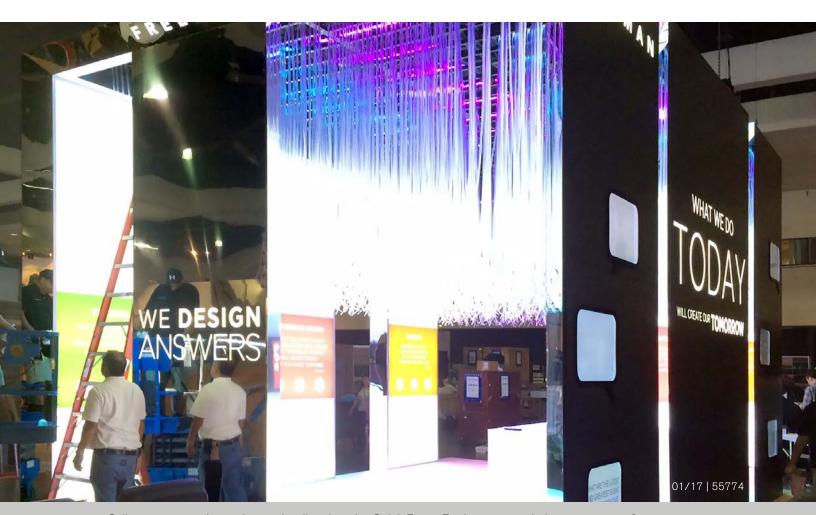

- Pre-planning and budget consultation
- Skilled labor coupled with support services coordination electrical, furnishings, floral, transportation, and audio visual
- On-site supervisors with dedicated floor managers
- Full, in-house carpentry for emergency repairs and refurbishing
- Post-show evaluations focused on incremental improvement to meet rapidly changing market conditions based upon customer feedback
- Post-show evaluations that help identify small changes that make big impacts

### **ON-SITE SUPERVISION**

You may wish to supervise labor on your own, but if you need assistance, Freeman installation & dismantling experts will get the job done as an extension of your team.

#### If You Use Freeman Staff

Exhibits can be set up prior to your arrival under the direction of Freeman I&D supervisors.

- Complete the Hanging Sign Order Form
- · Complete the Electrical Labor Order Form
- Complete the Electrical Services Order Form
- · Include Assembly Instructions
- Complete the Structural Integrity Statement
- · Ship sign to Freeman warehouse using the "Hanging Sign" shipping labels provided.
- Send the above information to electrical contractor at the address on the order forms

#### STRUCTURAL INTEGRITY

#### **VIDEO WALLS**

- A final technical drawing must be approved by LVCVA Fire & Safety and Freeman. The structure must be built exactly as specified in the drawing. All video walls must also be in accordance with ANSI E1.50-1.
- Any structures of any height (typically over 16 ft. tall) that LVCVA Fire & Safety deems to be unsafe and/or unstable is subject
  to being tied off to a structural element at the Exhibitor's expense.
- All contents of the booth are subject to onsite inspection. If any element of the booth does not meet structural integrity standards, it is subject to onsite changes at the Exhibitor's expense.

#### **TRUSS**

- All truss must have a wet-stamped drawing from a U.S. licensed engineer and the final version must be approved by LVCVA
  Fire & Safety and Freeman. The structure must be built exactly as specified in the drawing (i.e. inclusion of weather monitoring
  equipment, standby labor, etc.). All outdoor trusses must also include a staking and ballasting plan, if needed, and the wind
  load must be in accordance with IBC or ANSI E1.21.
- Any trusses or structures of any height (typically over 16 ft. tall) that LVCVA Fire & Safety deems to be unsafe and/or unstable
  is subject to being tied off to a structural element at the Exhibitor's expense.
- All contents of the booth are subject to onsite inspection. If any element of the booth does not meet structural integrity standards, it is subject to onsite changes at the Exhibitor's expense.

## LAS VEGAS CONVENTION CENTER RIGGING REGULATIONS

Please carefully read these regulations. The Las Vegas Convention Center will strictly enforce these rules.

- 1. Any object over 200 lbs. or requiring the use of chain motors must be submitted to Freeman for approval by the Las Vegas Convention Center.
- 2. Freeman is required to reflect the plot plan for all booths on the overall ceiling plan for every show at the Las Vegas Convention Center. Freeman cannot hang any object prior to receiving approval from the Director of Engineering or his/her representative.
- 3. The exhibitor must submit all rigging plans to the Rigging Manager at Freeman 21 days prior to the start of rigging installation for submittal to the Las Vegas Convention Center.
- 4. All submitted files should be in DWG format. VectorWorks and PDF format files are not acceptable. Any conversion to DWG will be charged to the exhibitor at \$164.75 per hour (straight time).
- 5. The exhibitor is responsible for reflecting the structure of rigging, load calculations, and an overlay of the rigging within their booth space in their DWG.
- 6. The exhibitor will be charged \$164.75 per hour (straight time), with a two hour minimum, to transfer the plot plan to the overall ceiling grid that Freeman is required to submit to the Las Vegas Convention Center.
- 7. Any conversions, revisions, or changes will be billed at \$164.75 per hour (straight time).
- 8. If exhibitor gear is used, the exhibitor must provide certifications for all hoist motors and rigging apparatus' upon request of the Las Vegas Convention Center Director of Engineering.
- 9. All special and unusual weights, motors, and apparatus or items not normally hung must obtain written permission from the Las Vegas Convention Center Director of Engineering. Exceedingly large rigs that support abnormal loads, or non-uniform distribution of weight or hardware, may require (at the exhibitor's expense) plans that have been approved and stamped by a licensed engineer selected by the LVCVA.
- 10. Any weight load exceeding the pre-approved limits is subject to removal at the exhibitor's expense.
- 11. Weight on catwalks will not exceed 25 pounds per square foot.
- 12. Rigging under catwalk structures in prohibited.

#### **HANGING SIGN LABOR**

#### **INSTRUCTIONS**

- Overhead hanging signs are to be sent in separate containers directly to advance warehouse using the enclosed <u>Hanging Sign Labels</u>. This container MUST arrive by the warehouse shipping deadline. If these procedures are not followed, Freeman cannot guarantee the hanging of your sign or advance pricing.
- All ceiling rigging must conform to show management rules and regulations and facility limitations.
- All overhead hanging must be assembled, installed, and removed by Freeman.
- Set up instructions must be provided for signs needing assembly.
- All hanging hardware must be shouldered, forged, stamped, and rated for overhead lifting. This hardware must be sourced domestically. Freeman will inspect and replace all non-compliant hardware. All additional hardware will be charged accordingly.
- Electrical signs must be in working order and in accordance with the National Electrical Code. Electrical service requirements must be ordered in advance on the enclosed Electrical Order Form.
- If any hang point supports over 200 lbs., notify Freeman immediately for special authorization.
- LVCC Rigging Regulations must be adhered to in order to complete your hang. Refer to LVCC Rigging Regulations for details

#### **SUPERVISION**

Supervision for assembly and disassembly of overhead hanging sign can be provided by Freeman, or by your company representative, display house, independent or lighting contractor.

Please indicate method of supervision you require for assembly/ disassembly:

Freeman
Exhibitor Personnel
☐ Display House
f Freeman will not be supervising, please provide the contact after a formation for the onsite supervisor:
Name:
Phone Number:
E

Additional crew and/or equipment will be used if the supervisor deems it necessary to safely complete the installation and/or dismantling of a job and it will be charged accordingly.

#### PLEASE NOTE:

- Freeman will begin to assemble and hang the signs as soon as the hall is accessible as long as the order and the sign are received by the appropriate deadline dates.
- In the event the order and sign are not received by the deadline date, Standard Prices will apply and the sign will be hung when the equipment and labor become available.

#### **EQUIPMENT AND LABOR RATES TO HANG SIGNS**

#### **Equipment With Crew**

- Standard Prices will apply to all orders placed after AUGUST 30, 2022.
- Standard Prices will apply to all hanging sign orders placed at show site.
- · Rates are per lift and crew per hour.
- · Boom with crew consists of boom, operator and rigger.
- Additional crew and/or equipment will be used if the supervisor deems it necessary to safely complete the installation and/or dismantling of a job and it will be charged accordingly.
- · Assembly and Ground Labor is an additional charge.
- One hour minimum per lift/crew lift/crew thereafter is charged in half (1/2) hour increments.
- Freeman components (cable, clamps, etc.) will be used to install all hanging signs and charged accordingly.
- · Straight time cannot be guaranteed.

#### **HANGING TRUSS & CHAIN HOIST**

- · Orders received after AUGUST 30, 2022 will be charged the Standard Price.
- All rigging must comply with LVCC and Show Management rules and regulations and facility limitations.
- All overhead rigging and flown objects must be assembled and disassembled by Freeman. Exhibitor's display company and/or I & D representatives may supervise
  only and will not be allowed to assemble/disassemble or install and remove rigging or flown objects. No one other than Freeman employees will be permitted in lifts.
- Freeman requires an engineered print of all truss and lighting rigging, including rigging point loads per our facility agreement. Failure to provide a DWG file of the rigging plot with load and required information three (3) weeks prior to move-in may prohibit your rig from being hung.
- Time will commence per exhibitors request. Failure to start at the requested time will result in a 4 hour minimum charge per stagehand person requested, unless 24-hour advance notice is provided in writing.
- Stagehand labor is based on a four hour minimum.
- · During run of show, there will be a 2 hour turn on / 2 hour turn off charge per day, based on the four hour minimum.
- · Freeman Stagehands install/dismantle all programmable dimmable lighting fixtures, video walls, audio, and projection.
- For Pre Rigging, please contact Freeman for availability.
- · Freeman components (cable, clamps, etc.) will be used to install all truss and chain motors and charged accordingly.

#### **ELECTRICAL SERVICE**

Please log on to Freeman Online to place your electrical order, www.freeman.com/store.

#### **READY FOR DELIVERY ONSITE**

For delivery of your audio visual equipment, please notify the Freeman Service Center as well as our electrical department. We will work with our electrical department to deliver and set your equipment order.

#### **TOTAL COST**

Applicable taxes will be applied to your order and invoiced accordingly based on specific venue jurisdiction but may also be based on the jurisdiction of where services are performed or your headquarters.

## **ELECTRICAL SERVICES**

From under carpet wiring to overhead lighting, Freeman has the power to simplify your electrical needs and installation. We've answered your most common questions below to help you place your order or prepare for a detailed discussion. Whether you require basic household/office power or a more technical installation for equipment, audio-visual presentations or truss lights, our electrical specialists and qualified electricians are always available to assist you.

#### How do I know how much power I need?

First, review a layout of your exhibit, noting all of the items in it that require power. Consider lighting, computer equipment, and your own product. Are you bringing or renting any a/v equipment or ordering catering services that might need power? Will you be using a lead retrieval machine? If it's an item that plugs into a standard wall outlet found in a home or office (in North America), it will require 110/120 volt power. 208 or 480 volt power is generally used for machinery or industrial cooking devices and is ordered by single or 3 phase.

Next, mark the voltage and wattage or amperage (referred to as "load") (100 watts = 1 amp) of each piece of equipment at it's location in the booth. This information should be provided on a name plate or stamp usually located on the back or bottom of the equipment. If not indicated, check our accompanying electrical usage guide for estimated wattages for common items used at trade shows or call your rental company/ caterer for specifics. For lighting, loads are dictated by the wattage of the bulbs. Arm lights included with Freeman exhibit packages use 200 watt bulbs. Keep in mind that you need to order power for any lighting within your booth unless the lights are ordered directly from the Electrical Department (those listed on the Freeman electrical order form).

Finally, total the wattage for the 120 volt devices in each area and select an outlet that meets or exceeds that total. Separate outlets should be ordered for each piece of equipment and/or each power location to help minimize tripping/power outages. It is always safer to slightly overestimate your power requirements. Wattage or amperages cannot be combined for 208 or 480 volt apparatus. Please order separate outlets for each.

#### Do I need to order labor?

As the official service contractor, electrical installations must be performed by Freeman union labor. Labor is required for any electrical work over and above the delivery of outlets to the back wall of inline booths. Labor orders will automatically be input upon receipt of an electrical layout for under carpet installation (floor work) or to connect any 208 volt or higher services (hook up). Dismantle labor for electrical services is calculated at 50% of the installation time since much of the work is performed on a mass basis after booths are removed from the exhibit hall. Please see the electrical labor order form for further details, rules and regulations.

#### What is an electrical layout and why do I need one?

Like your own home, electrical boxes and wiring should not be visible once the exhibit is completed. At show site, they are the first things to be installed so that they can be hidden by drape, walls or counters and under flooring or carpet. Electricians, therefore, work on a blank slate. A good electrical layout or floor plan provides them with a simple overhead view of your booth indicating the locations and load of each electrical outlet and the orientation of your booth within the show itself. The layout should be to scale and provide specific measurements to each outlet along with surrounding aisle or booth numbers to ensure accuracy. For island booths, a main power location must also be indicated as it is the location from which other outlets are fed. Please see the sample layouts and electrical grid for further information.

When a layout and credit card are provided in advance, Freeman makes every effort to ensure that the floor work is completed before you arrive so that there is no delay in assembling your booth. Once carpet is laid, installing or changing electrical services becomes much more difficult and potentially costly.

Please note that layouts, complete with mandatory information, are required prior to the deadline date for electrical orders to be eligible for advance rates. Layouts are not required if all outlets are located at the back wall in inline booths.

#### Is the price for power per day?

Outlet or connection prices are typically for an entire show.

#### What is 24 hour power?

Many facilities these days are energy conscious and therefore turn off power overnight during show days. Power is turned off 1/2 hour after the show closes at the earliest and restored no later than 1/2 hour before the show opens the following day. 24 hour power is, as it sounds, power that is continuously on 24 hours per day.

If your booth includes, for example, refrigeration equipment, an aquarium or programmable apparatus that depends on uninterrupted power, you should consider ordering 24 hour service. Power is usually not turned off during move-in or move-out.

#### Where does the power come from?

Depending on the facility, the power can come from overhead catwalks, floor ports, columns, wall outlets or a combination of these sources. Check with the local Freeman branch office for more information.

#### Where will my power be located?

In-line and peninsula booths will find their main power source on the floor somewhere along the rear drape line of their booth. Island booths need to submit an electrical layout. Please see the sample layouts and electrical grid for further information.

## What if I need power at another location besides the rear of my booth? What if I have multiple power locations?

Exhibitors requiring power at any location other than a back wall must submit an electrical layout. Please see the sample layouts and electrical grid for further information.

### How many places will I have to plug in? How many things can I plug in?

For planning purposes, you should always assume that there is only one connection point per outlet ordered. Power strips can provide additional sockets but do not confuse having more places to plug in with additional power. For example – An order is placed for a 500 watt outlet. A track light with 4 – 100 watt bulbs is plugged in to a power strip connected to the outlet, using 400 of the 500 watts. Any lighting or equipment now plugged in to a second socket may not exceed 100 watts.

Also keep in mind that power strips are designed, for safety purposes, to trip at 1500 watts or 15 amps. Using a power strip with a 2000 watt (20 amp) outlet will reduce it to a 1500 watt outlet.

All orders exceeding 120 volt/20 amps provide one connection point only, cannot accommodate power strips and require labor for installation.

FREEMAN

## Can I bring my own extension cords and power strips? (Also known as plug strips, multi strips, etc.)

Exhibitors may use their own extension cords and power strips under the following conditions:

- The equipment must be 3 wire, 14 gauge minimum with a ground.
- The extension cords must be flat if they are to be laid under carpet. (Labor is required to lay the cords.)
- All power strips must have circuit protection.

#### Can I run my extension cords under the carpet myself?

For safety reasons, exhibitors are not allowed to run any electrical wiring under any type of floor covering or where they may be concealed in the booth structure. The show's electrical contractor is liable for electrical installations and therefore must perform all floor or booth work.

#### Will my floor work be completed before I arrive?

Every attempt is made to have floor work completed prior to carpet installation if you have submitted the following:

- A completed electrical order form.
- A valid and authorized credit card to be kept on file for the company.
- An electrical layout indicating the main power location, dimensions to each power location, the power required at each location, and surrounding aisle or booth numbers to determine orientation of the booth.

Labor and material charges apply.

#### When will my power be turned on?

Power is only guaranteed to be installed before the show opens. If Freeman is allowed early access to the facility, power is normally ready the first day of move-in for exhibitors but any special requests such as temporary chain motor power, programming machinery or testing equipment should be noted on your order.

#### Do I need lighting?

Lighting can dramatically change the impact of an exhibit, no matter the size. Used effectively, lighting can emphasize specific areas of a booth or highlight products. Also, an exhibit will appear dark and uninviting if the surrounding booths are lit and yours is not.

#### Can I hang my own lights?

 $10 \times 10$  booths with pop-up displays (a display that can be assembled in less than 30 minutes without tools) can hang their own lights and plug them in without ordering labor. Typically, exhibitors themselves can hang up to 4 lights as long as they require no more than 20 amps in total but it is best to clarify with the local branch. If a decorating company (including Freeman) has been contracted to install a display, electrical labor is required to install the lights. Due to union contracts, no other union is allowed to install electrical equipment.

#### Do I need to order power for my lighting?

Exhibitors ordering Electrical Services lighting (those listed on the Freeman electrical order form) do not need to order power. It is included in the rental. Exhibitors supplying their own lighting or renting lights need to order power. Labor may be required to hang the lights.

#### Do I need to order labor to plug in my lights or equipment?

Most 120 volt connections do not require labor. Exhibitors are welcome to plug in their own standard office devices. Labor is required for all 208 or 480 volt connections and if lights or equipment need wiring or if electrical cords are to be run under the carpet or in concealed areas to ensure that all electrical codes and building rules are met.

## How can I save money and frustration when ordering electrical services?

Most importantly, be sure to submit your order before the discount price deadline date. If an electrical layout is needed, it also must be received, complete with mandatory information, before the deadline date to be eligible for discount pricing. Late orders can be subject up to a 50% increase in cost because of the behind-the-scenes planning required to distribute power.

Don't underestimate your power requirements and work within the local rules, regulations and union jurisdictions. They have been implemented to avoid problems. While it may seem simple to plug in lights and equipment, it is not uncommon for exhibit or non electrical staff to overload circuits. Trouble calls can become expensive when it takes time to find the source of a problem.

If unsure about labor, call us for direction and if necessary, place a "will call" order before the discount price deadline date. You will only incur a charge if labor is dispatched to your booth but you'll have secured the advance pricing. And, check in with the electrical or service desk as soon as you know you need labor, not at the time you want the electricians in your booth. It will help to avoid delays as we can schedule accordingly.

Lastly, try to resolve any disputes at show site. It is much easier to discuss electrical issues when both parties can physically review the installation.

#### Additional questions?

Call customer service at the number listed on the Quick Facts and ask for the Electrical Services Department. For fast, easy ordering, tools, and helpful hints go to www.freemanco.com/store.

## FREEMAN

#### **ELECTRICAL SERVICES USAGE GUIDE**

To assist in estimating, we recommend that you refer to the name plate or stamp usually located on the back or bottom of any electrical apparatus and order the corresponding outlet for each piece of equipment to avoid tripping/power outages during the event.

Please note that there is a minimum of 500 watts per outlet. A 500 watt (5 amp) outlet cannot be split. A 1000 watt (10 amp) outlet can only be split one time. A 2000 watt (20 amp) outlet can only be split three times.

The formula for wattage is voltage x amperage (120 volt x 1 amp = 120 watts) Example: 5 - 100 watt light bulbs =  $(5 \times 100 = 500)$  watts)

The following wattages are approximate and are provided to help you estimate your power usage.

ITEM	ESTIMATED WATTAGE
Arm Lights	
Card Reader (credit) / Lead Retrieval	
,	
Charging Furniture – Freeman Event Collection	
Charging Furniture – Freeman Furnishings	,
Computer	
Computer – Laptop	100
Blu-Ray / DVD Player	50-100
Heater (Portable)	500
Heat Press for T-Shirts	2000
iPhone/Android	20
iPad/Tablet	25-50
Kitchen Appliances	500-2000
Laminator	2000
LED Panels	500-1000
Projector	1000
Refrigerator (Small)	500
Refrigerator (Large)	1000
Smart Reg Counter by Freeman (lit)	500
Steamer	2000
Stereo	100-500
Vacuum Cleaner	1500
Water Cooler	1000
TVs/Monitors	1000 (update television line)
Espresso Machine	30amp/208 volt, single phase

#### **ELECTRICAL SERVICES**

The grid below may be printed to layout your electrical requirements for booths up to 40 x 40 or used as a sample to develop your own plan for larger exhibits. Please complete as clearly as possible, indicating the following:

- Location of the main power drop. Power needs to be distributed from one location at which a panel or other piece
  of electrical equipment will be installed. It is recommended that this equipment be placed in a closet, under a
  table/desk or in another location that keeps it out of sight. Please provide specific dimensions.
- 2. **Location and load of all outlets**. Please provide specific dimensions and wattages/amperages. *Please do not simply place an X where power is required.*
- 3. **Booth orientation**. Please provide surrounding aisle and/or booth numbers, particularly for island booths. Also, please try to orient your booth to the overall floor plan so that the diagram does not have to be rotated.

A measurement scale can be applied as necessary to reflect the size of your booth.

Adjacent Aisle or Booth # \_

#### SAMPLE LAYOUTS

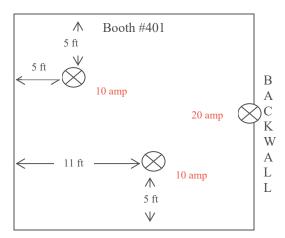

#### IN LINE BOOTHS

Power is run or dropped to in line booths along the back walls or drape line of multi booth sections. The "main power locations" therefore are always located at the back of in line and peninsula booths. Outlets may not be in the exact center of the back wall. 120 volt outlets are shared by back to back booths. Example: Outlet =

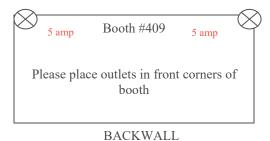

Electrical layouts are required whenever an outlet is needed at any other location within the booth except for the back wall. Exact measurements and/or comments that clearly indicate outlet locations **must be included**. Examples based on above floor plan:

20 x 20 Peninsula – Booth # 401 Order = 2-10 amp, 1-20 amp outlets

10 x 20 In Line – Booth # 409 Order = 2 x 5 amp outlets

#### ISLAND BOOTHS

Electrical layouts are always required for island booths and **must include** the following information:

#### 1. Main Drop.

Since there is no back wall in an island, the exhibitor supplies the location of the main drop, whether one or multiple outlets are ordered. When it will be the point from which power will be distributed to other outlets in the booth, a panel or other piece of electrical equipment will be installed at the main drop. For this reason, it is recommended that main drops be located in a closet, under a table/desk or in another area that keeps it out of sight. Measurements must be provided to the main drop.

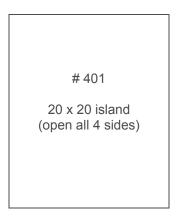

#### 2. Location and load of all outlets.

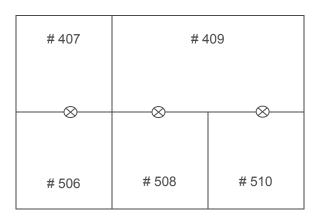

Again, dimensions must be provided to all satellite outlets along with the load of each outlet. It is best to indicate voltage, phase and amperage for all outlets once an order exceeds 120 volt service.

#### 3. Booth orientation.

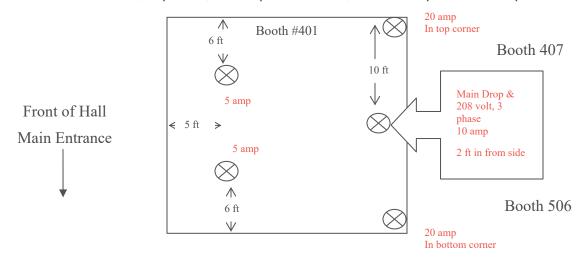

Providing reference points such as surrounding aisle and/or booth numbers defines how an island booth is oriented to the overall show floor plan. In other words, which side is which? It is best to draw your layout relative to the show floor plan so that both are facing the same direction. Examples:

#### Section of show floor plan

20 x 20 Island – Booth # 401 Order = 1 x 208 volt, 3 phase, 10 amp + 120 volt, 2 x 20 amp + 2 x 5 amp outlets

<sup>\*</sup>Overhead quartz lights include labor and equipment to install and first focus.

#### ADDITIONAL INFORMATION

#### FOR ADVANCE PAYMENT PRICE

Your order with full payment along with a floor plan indicating main power location and distribution points, if applicable, must be received prior to **AUGUST 30, 2022**.

#### **MULTIPLE OUTLET LOCATIONS / ISLAND BOOTHS**

A scaled floor plan is required for orders with multiple outlet locations and/or island booths. Detailed examples are provided on the following page. If a power location or main drop in an island booth is not provided prior to show move-in, a location will be determined by Freeman in order to maintain delivery schedules. Relocation of the service will be charged on a time and material basis.

#### ISLAND BOOTHS

For island booths with no labor ordered, there is a 1/2 hour minimum installation charge and a 1/2 hour minimum dismantle charge.

#### **INLINE AND PENINSULA BOOTHS**

Power will be placed in the back of the booth unless otherwise specified.

#### 24 HOUR SERVICES

If an uninterrupted power supply is required for the full duration of the show, please order 24 hour power. Electricity is turned on 30 minutes prior to show opening and turned off 30 minutes after show closes on show days. Power will be turned off immediately after final show closing. If you require power outside actual show hours, special arrangements should be made in advance. Additional charges may apply.

#### SEPARATE OUTLETS

Separate outlets should be ordered for each piece of equipment and/or each power location.

#### HANGING SIGNS

Standard Prices will apply if your hanging sign is not received in advance at the warehouse prior to the warehouse shipping deadline date.

Temporary hoist power must be ordered separately and cannot be ordered in conjunction with any other outlet.

#### OVERHEAD POWER

If you require your power from overhead, additional materials and labor may be incurred. Please contact Freeman.

#### **EXTENSION CORDS & POWER STRIPS**

Extension cords and power strips are available for rental at the Freeman Service Center.

#### LIGHT STAND PLACEMENT

For single or double light stand, price includes installation along the side rails of an inline booth. Placement elsewhere will require additional labor and materials.

#### **TOTAL COST**

318.20 477.30 = \$

316.30 = \$

210.85

479.40

Applicable taxes will be applied to your order and invoiced accordingly based on specific venue jurisdiction but may also be based on the jurisdiction of where services are performed or your headquarters.

4' Track with 3 Lights

Overhead Quartz Light\*

Arm Light

<sup>\*</sup>May require labor and/or lift at additional charge. Please contact Freeman for estimated charges.

#### **ELECTRICAL INSTRUCTIONS**

#### **HOW TO DETERMINE ELECTRICAL REQUIREMENTS**

#### For Equipment

All electrical equipment is stamped or labeled with electrical ratings usually found on the back or bottom of the equipment. Verify voltage and either amperage or wattage from the information provided. Standard office and household items operate on 110/120 volt power. Machinery and equipment typically require 208 or 480 volt power.

#### For Lighting

Verify the wattage of the bulbs in the lights and multiply by the number of bulbs/lights.

#### LOCATION OF POWER IN YOUR BOOTH

#### In-Line and Peninsula Booths

Power will be installed in one location, typically on the floor somewhere along the back of the booth, as indicated in the following diagrams: (We cannot quarantee that the outlet will be specifically located in the middle.)

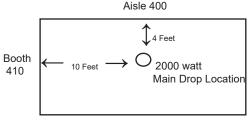

IN-LINE BOOTHS / PENINSULA

**BACK TO BACK PENINSULA** 

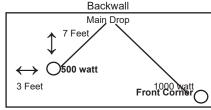

If power is required in locations other than indicated above, secondary distribution will be required and billed on a time and material basis. Please complete and submit an Electrical Labor Order Form with your power order, along with a floor plan as described below.

#### Island Booths/Multiple Outlets

Floor plans are always required for Island Booths and orders for multiple outlet locations. The floor plan must indicate booth dimensions, surrounding booth numbers for orientation within the facility, each outlet location, required wattage or amperage and location for main drop. If power location in an island booth is not provided prior to show move-in, a location will be determined by Freeman in order to maintain delivery schedules. Relocation of the service will be charged on a time and material basis. See examples below: A grid is available at www.freeman. com/store to print as a base layout.

Island Booth with one outlet

10 X 20 Booth with multiple outlets Labor Required

#### OTHER:

- 1. Labor is required for any and all electrical work over and above the installation of the main power drop. Please see the Electrical Labor form for complete details. Please complete the labor order form.
- 2. Dismantle labor will be automatically charged at 50% of the installation time and rounded to the next half hour.
- 3. All material and equipment provided by Freeman is for rental purposes only and remains the property of Freeman. All equipment will be removed at the close of the show by Freeman.
- 4. All equipment regardless of power source, must comply with Federal, State and local codes as well as any applicable local recognized electrical authorities and standards. Freeman reserves the right to inspect all electrical devices and connections to ensure compliance with all codes and proper permitting. Freeman is required to refuse connections where the exhibitor wiring is not in accordance with local electrical code and permitting.
- 5. Standard wall and other permanent building utility outlets or sockets are not part of booth space and may not be used by exhibitors unless electrical services have been ordered.
- 6. Exhibitors' cords must be a minimum of 14 gauge 3 wire with ground and must be flat when used for floorwork. All multi-outlet devices (egpower strips) must have circuit protection. All exposed non-current carrying metal parts of fixed equipment, which are liable to be energized, shall be grounded.
- 7. Exhibitors' equipment will be modified to conform to Freeman receptacles. If an outage is the result of an exhibitors' equipment, then a labor charge may be assessed. Labor and materials to install or change a cord cap or fix an outage will be billed on a time and material basis.
- 8. Exhibitors with hardwall displays must arrange for power to be installed inside the booth or provide access.
- 9. Power sharing is not permitted between exhibitors.

#### **ELECTRICAL INSTRUCTIONS**

- 1. Labor rates are based on current wage scales and are subject to change in the event of a wage increase after rates have been published.
- 2. A minimum charge of one hour is applicable to all labor requests. Additional time on the same day is billed in 1/2 hour increments. Continuations to another day are a minimum of 1 hour.
- 3. Labor must be picked up at the Freeman Service Center. Charges for labor commence at time of dispatch to service the labor call. A one hour minimum will apply if an exhibitor representative is not present at the time of call or reschedules the call, unless 24 hour advance notice is received in writing.
- 4. Labor charges will include the time for electricians to gather the necessary tools and material for the job, have their work checked by the client and return the tools and material to the supply area.
- 5. Exhibitors may supply their own 14 gauge 3 wire, extension cords and/or power strips, both of which must be grounded and UL approved.

#### **EXAMPLE OF PLAN AND INFORMATION REQUIRED TO COMPLETE FLOORWORK**

#### Please indicate the following on the floor plan.

- 1. Location and load of main power drop please provide specific dimensions and wattages/amperages.
- 2. Location and load of all outlets please provide specific dimensions and wattage, amperage and voltage.
- 3. Booth orientation please provide surrounding aisle and/or booth numbers.

#### PLUMBING CONDITIONS AND REGULATIONS

- To receive discount prices, order must be received by Freeman with full payment.
- 2. Credit will not be given for outlets installed and not used.
- 3. Compressed Air connection size and fitting is determined by CFM requirements. Note: Our Plumbing Department will not be responsible for moisture or water in air lines. Exhibitors should supply their own filter or other equipment to handle moisture or water.
- 4. Pump may be required for drain to function property and will be charged a rental fee.
- 5. Plumbing Contractor not responsible for color or sediment in water fill. If waste water for drain contains hazardous material, chemicals or metals, it cannot be drained. Fill & drain prices do not include labor. There will be a minimum charge of one hour labor in and one hour labor out. Additional labor charges may be incurred if equipment leaks and/or endangers other property.
- 6. Ramps over utility lines in a booth are provided on a time and material basis. A minimum of one hour additional labor charge will apply to lay lines under the carpet or floor or to spot from ceiling. A minimum of one hour labor will apply to remove lines. Please attach floor plan with order to show location of lines.
- 7. All material and equipment furnished by Freeman for this service order shall remain Freeman property and shall be removed ONLY by Freeman at the close of the show.
- 8. All equipment must comply with state and local safety codes.
- 9. Claims will not be considered unless filed by exhibitor prior to close of show, no exceptions.
- 10. Under no circumstances shall anyone other than "Qualified Plumbing Personnel" make service connections.
- 11. All equipment using water must have inlet and outlet properly tagged.
- 12. Unless otherwise directed, Freeman Plumbing Personnel are authorized to cut floor coverings to permit installation of service.
- 13. Outlet rates listed cover bringing service from main line to booth and do not include connecting equipment.
- 14. Service outlet size will be determined by the volume required.
- 15. All work performed within booth attaching lines to equipment will incur a connection fee for each connection.
- 16. All outlets will be installed on the floor at the backwall of booth.
- 17. Freeman will not be responsible for moisture or water in air lines. Exhibitors should supply their own filter or other equipment to handle moisture or water.
- 18. Freeman must have 30 days notice in order to supply special regulators, strainers, traps, etc.
- 19. First outlet includes up to 90 feet of accomplished distance. Use of additional footage or equipment will be charged at the prevailing labor and material rate.
- 20. Exhibitors are not allowed to bring air compressors on the show floor.
- 21. Pressure may vary. No guarantee can be made of minimum or maximum pressures. If pressure is critical, exhibitors should arrange to have a pressure regulator valve installed.
- 22. Additional charges may be incurred if a lift is needed to bring services to the booth.
- 23. Please contact Exhibitor Support at (888) 508-5054 for an estimate regarding labor or additional footage.
- Electricity or electrical labor to connect and operate any plumbing apparatus is not included.
- All electrical requirements must be ordered on the Electrical Rental Order Form.
